CZAR TO GRANT MANY REFORMS

Announces That He Is Firmly Committed to Convocation of Representatives of People.

TROUBLE FEARED AT EASTER

Said Emperor Will Proclaim General Amnesty for Political and Religious Prisoners.

ST. PETERSBURG, April 25.—"My will regarding the convocation of representatives of the people is unswerving and the Minister of the Interior is making every effort for its speedy realization."

Emperor Nicholas receiving in audience at Tsarskoe Selo Sunday, the Marshal of the Nobility of Kostroma, a government of middle Russia, directed that the above message be communicated to the nobility of Kostroma. The message evidently was designed to be published to quiet the fear of those who are impatient at the delay and who have grown suspicious of the fulfillment of the promises contained in the imperial rescript. It is very significant that the Emperor used the words "convocation of representatives of the people" thus going beyond the expression employed in the rescript, and setting at rest all doubt as to his meaning.

General Amnesty.

A rumor is circulated here to the effect that Emperor Nicholas will mark Easter by the proclamation of general amnesty for political and religious prisoners now confined in the fortresses or prisons of European Russia or who are in exile. From that the Easter holidays, which extend over thirty days, will be the occasion for bloody riots are manifested everywhere and the population is becoming distinctly panicky over the stories which are circulating of murder, pillage and terrorism on the part of mobs in various parts of the country. Even churches, according to the stories told are not exempt. The people are being especially warned not to enter the St. Isaac or St. Nicholas Cathedral, or the Church of the Newskiy Monastery. The liberals pretend to believe that such stories are purposefully circulated by the police. In any event the strain is becoming intense.

Trouble Feared.

SOSNOVICH, RUSSIAN POLAND, April 25.—Great disorders are expected here at Easter time. The town is full of troops. Russian officials are receiving letters threatening them with massacre and the workmen have been deluged with proclamations signed by the Polish revolutionary committee, warning them not to heed those who advise them to kill the Jews, but instead to kill all such persons. These proclamations are directed against the Jews.

REV. MR. COUPLAND RECONSIDERED

(Continued from First Page.) the church members. While St. Paul's has 500 communicants, the Church of the Ascension has 900. Mr. Coupland's last confirmation class numbered sixty-one, which is an index to the immense power he wields in the community in which he lives. Who will be called to St. Paul's is undetermined, for no one has been even discussed by the vestry. At the meeting held on yesterday afternoon the following committee was appointed to recommend a suitable rector to the vestry: Judge Beverly T. Crump, Major Robert H. Colwell, Richard H. Murray, Judge R. Carter Scott and Mr. W. C. Bentley. This committee will endeavor to select a suitable clergyman who will then report to the vestry.

GATTIS CASE UP FOR TRIAL SOON

North Carolina Damage Suit Involving President of Trinity College to be Called Again.

MISSION WORK IN THE STATE

Movement to Have County Buildings at State Fair. Negro Drowned.

(Special to The Times-Dispatch.) RALEIGH, N. C., April 25.—The noted Gattis vs. Kluge damage suit is set for trial on Monday, May 1st, of the present term of Wake Superior Court. This is the suit by Rev. J. T. Gattis against President John C. Kluge and B. N. Duke, of the Board of Trustees of Trinity College, for libel, and was moved here from Guilford county, where there had been two previous trials with verdicts for the plaintiff. New trials were granted each time by the Supreme Court. It is doubted if there will be a trial this time, there having been continuances twice before. Rev. Livingston Johnston, corresponding secretary of the North Carolina Baptist Board of Missions, has just returned from a visit to many of the mission fields maintained by the State by the board. He says there are more new houses of worship in process of erection on mission fields than ever known before. A movement is on foot to add to the numerous features of the State Fair—that of county buildings, to be erected by each county exhibiting in this way. The movement is inaugurated by Johnston county, which had the only distinctive county exhibit last year. It will be impossible for all counties to develop this feature in any great extent, owing to the lateness of the season, but the matter is to be taken up in real earnest for the 1906 fair.

The sudden changes that come during the spring months are productive of many cases of catarrh that without proper treatment will become chronic. Simply put twenty drops in the little pocket inhaler that comes with every outfit, and breathe it for three minutes four times a day. Extra bottles can be procured for fifty cents. Ask your druggist to show you the strong guarantee under which he sells Hyomel. T. A. Miller will refund the money in accordance with the above guarantee, to any person who returns the bottle, should it not give complete satisfaction.

THE DUST PROBLEM IS INTERESTING ALL

Council to be Asked to Provide Adequate Means for General Street Sprinkling.

The question of sprinkling the streets of Richmond, from standpoints of both health and comfort, is regarded as a most important one, and is about to be brought directly to the attention of the Council. Already a subcommittee from the Committee on Health, has been instructed by the latter body to bring in a report, and the members have formulated one asking \$15,000 for sprinkling during the present spring and summer. It is estimated that this amount will sprinkle the principal sections of the city. This amount is not thought to be sufficient for the great task, but it is feared a larger sum might not pass the Council. Messrs. Edgar H. Ferguson and John L. Minor are two of the most earnest advocates of street sprinkling in the Council, though there are many others in both branches. Mr. Minor said last night that he knew of several persons who had to leave Richmond during certain months, because being in delicate health they could not stand the dust. One trouble has arisen with reference to sprinkling the tracks of the street railway companies. The companies, it is known, are willing to enlarge their sprinkling capacity, but the Water Committee does not feel warranted in furnishing unlimited quantities of water free for this purpose. An application from the Passenger and Power Company on this line was recently rejected by the committee. But there is a widespread realization among common sense of the necessity of general street sprinkling, and it is expected to bring forth early results.

SPEEDILY CURED BY CUTICURA

"I had suffered terrible agony and pain for eight long years from a terrible eczema on the scalp and face. The best doctors were unable to help me, and I had spent a lot of money for many remedies without receiving any benefit. My scalp was covered with scabs, my face was like a piece of raw beef, my eyebrows and lashes were falling out, and sometimes I felt as if I was burning up from the terrible itching and pain. I then began treating myself at home, and now my head and face are clear and I am entirely well. I first bathed my face with Cuticura Soap, then applied Cuticura Ointment to the affected parts, and took Cuticura Resolvent for the blood. I was greatly relieved after the first application, and continued use of Cuticura soon made a complete cure." Miss Mary F. Pay, Westboro, Mass.
